NEGRO MAKES ASSAULT ON WOMAN

UNKNOWN COLORED MAN ATTEMPTS TO THROTTLE MRS. C. PAASCH

A villainous assault was made by an unknown negro upon Mrs. Christina Paasch, residing at 1321 Macdonald avenue, at a late hour Saturday evening as she was about to enter her home.

Mrs. Paasch's screams attracted the attention of Mrs. R. Smith, a next door neighbor, who sent in a hurried call to the police station.

Officers Munday and Mahnke were dispatched to the scene but were unable to find any trace of the man who had been swallowed up in the darkness following his act.

Mrs. Paasch, when interviewed today, made the following statement:

"I was on my way home with my eldest son who is 13 years of age and had just entered our lot from the Twelfth street side when I heard a sound on the inside of my house and turning saw my kitchen door open very slowly. Thinking it was only the wind I entered and was just about to switch on the lights when a hand grasped my throat. I screamed and as I did so my son grappled with the negro who probably fearing detection shook the boy off and ran out into the back yard where he cleared the fence in one leap. My screams attracted the attention of Mrs. Smith in the California Home Building office who sent in a hurried call for the police. Of course there was considerable agitation about town following the affair, the police forming the opinion that the negro who did the assaulting being a local hod carrier."

Up to a late hour today Mrs. Paasch had not secured a warrant from Police Judge Lindsey for the arrest of her assailant.

SAN PABLO LAID UP FOR REPAIRS

The steamer San Pablo on the Santa Fe run between this city and San Francisco was docked at the company's pier this afternoon for repairs.

It is planned to give the steamer a thorough overhauling during the time that she is drydocked so that when again placed in commission she will be able to keep up her fast schedule.

PLAYER HURT

Jack Williams, a catcher on the California Alumni baseball team, which yesterday afternoon clashed with the local boys at the First street grounds, suffered a dislocated finger which proved so painful that he had to be rushed to the offices of Dr. Hall Vestal where his injury was given prompt attention.

A foul tip was the cause of the injury the ball hitting the finger with such force that it was bent back over the top of the hand.

MRS. J. B. OGBORN REPORTED IMPROVED

Word was received here at a late hour today from San Francisco stating that Mrs. J. B. Ogborn, wife of the local city architect who has been in a hospital in that city for the past week is much improved.

It is thought that Mrs. Ogborn will be able to resume her duties at the architect's office about the first of next week.

FREE FOR ALL FIGHT AT PICNIC CAUSES ARRESTS

San Franciscans Run Amuck at The Willing Workers' Picnic Sunday

As a result of having caused a disturbance, concluding in a grand free for all fight, at the picnic of the Willing Workers club, a Jewish organization of Oakland, at the East Shore park yesterday, two attendants, Herman Kraft and Samuel Harris spent the night in the city jail.

Both young men are residents of San Francisco. Although they were able, through the assistance of Hazel Cohen, to raise the $50 cash bail required of them, they were without funds to get themselves a room.

According to the testimony given

COAL DEALERS TO ATTEND PICNIC ON WEDNESDAY

Dealers in the Black Fuel Will Make Merry at Grand Canyon Park

No coal in Richmond Wednesday.

There will be plenty of coal here, of course, but none delivered. It will be similar to the captain's cry when the ship's supply of water runs low, "Water, water everywhere, but not a drop to drink."

Members of the Richmond Coal Dealers' association are to attend the picnic to be given Wednesday at Grand Canyon under the auspices of the Alameda County Coal Dealers' Association. President H. A. Johnson and Secretary F. E. Adams, of the local organization are in charge of the arrangements for the attendance of the local dealers.

JOY RIDERS TRIAL TO BE HEARD TODAY

Trial of the three joy riders of Berkeley, George Incell, Joseph Ryan and J. F. McMahon will take place at 3:30 o'clock this afternoon before Judge Lindsey.

The three young fellows were arrested last Friday night after having left a hot trail of recklessness all the way from Oakland. They are charged with exceeding the speed limit.

GRASS FIRE

What threatened to be a serious conflagration from grass fire at Third street and Pensylvania avenue was practically extinguished this afternoon before the arrival of the department shortly after 1:30 o'clock. Several residences were in danger of destruction. Prompt action on the part of neighbors and by passers by, however, proved successful.

The fire was started by children, who had been playing on the vacant property. Fire Department No. 2 responded promptly to the alarm.

BURGLAR SETS HOTEL ON FIRE

LENNOX HOTEL SET ABLAZE BY BURGLAR WHO ROBBED GUS AYRES

Mystery surrounds the $500.00 robbery and fire which took place in the rooms of Gus Ayres at the Lennox hotel located at the corner of Thirteenth street and Nevin avenue at 2:30 o'clock yesterday.

Perhaps the saving of the building from being totally gutted by the blaze was due to the prompt action taken by Special Officer Mahnke who seeing smoke curling out of the building turned in the alarm.

Following this action Mahnke rushed into the building and breaking in the door, carried Ayres, completely overcome with smoke, to the street where medical assistance had to be called to bring the man back to consciousness.

Ayres, as soon as he had regained his senses, inquired as to his valuables in the room. A search was commenced by Officers Mahnke and Munday together with Detective Charles Walker with the result that the loss of $53.00 in change, a gold watch and a black suit of clothes was discovered.

The trousers of the suit from which the valuables were stolen was found lying on Nevin avenue, two blocks distant from the scene of the fire with the pockets turned inside out, which helped lighten the bands of circumstantial evidence in that the fire was evidently started by the midnight robber in an effort to cover up his tracks.

Ayres stated that he had been out with a number of young fellows the

WORK WILL START ON NEW BUILDING

Work will be commenced the middle of this week on a new $7000 hotel to be erected on Barrett avenue by Louis Reggazini.

The contract for the work has been awarded to W. Josselyn. Plans for the new structure call for a building 44x99 feet to be two stories in height and to be erected of brick.

The work on the building will be hurried to completion so that tenants may be able to move in about the latter part of July.

WEDDING BELLS FAIL TO RING FOR JACKSON

Where's the bride?

This was the first question that was sprung on George Jackson, assistant to City Clerk Faris today when he breezed into that official's office with both hands full of grips from his recent trip to Los Angeles.

"I don't know," stated Jackson. "What's the Joke?"

"No joke at all," replied the city clerk using all the persuasion that he could master in an effort to pump that fateful question from Jackson.

Then the whole matter was laid bare that a morning contemporary had published a lengthy article in reference to Jackson making the trip to the Angel city for the purpose of claiming a bride of his school days. But alas, the darts that Cupid used on the young stenographer must have had putty points for they merely hit and glanced off.

Misses Hulda and Violet Holt of this city left today for a two weeks' trip to Shasta.

FORMER NURSE NOW BRIDE OF S. O. EMPLOYE

The issuing of a marriage license in Martinez late today to Miss Anna Sieman, formerly a nurse at the Abbott hospital, and Albert Montgomery, also of this city was the culmination of a short love affair that had its beginning at a social function held several months ago at which both young people were present.

The couple immediately after they had secured the slip of paper authorizing the marriage, visited a clergyman and were united in wedlock, after which they left for a short honeymoon to the southern part of the state.

Montgomery is well known here, being an employe of the Standard Oil company and working under Councilman Hartnett on the stills.

Following their trip Mr. and Mrs. Montgomery will return to this city where they will make their future home.

"To Observations Which Ourselves We Make, We Grow More Partial for the Observer's Sake."

THOSE CONSTITUTIONAL AMENDMENTS

There are a great many proposed amendments to the state constitution to be voted upon at the coming election this fall, more by a whole lot than there ought to be at any one time, for the reason that not one person out of a thousand will read them all or even get a fair understanding about the half of them. State Printer Friend Richardson is soon to send out a book to the voters containing all these amendments, and every voter should read that book if possible and familiarize himself, or herself, with the changes in the state constitution which it is proposed to make if they meet with the approval of the people, or a majority thereof.

As editor of a public newspaper it will become our duty to wade through that book and get next to all the ins and outs of those multitudious proposed amendments, and then briefly review such of them as are worthy of paying any attention to, for the building of a state constitution is an important affair, freighted with grave responsibilities and binding upon all the people. It should not be done lightly or without thought and study.

One of these proposed amendments is to make California a prohibition state, wherein no liquors will be manufactured or sold, except for medical, scientific or such other purposes as the law shall prescribe. This is a great big problem, and one which this scribe does not feel like undertaking to dictate to the people about one iota. It is something that must be fought out and figured out within each mind and each heart, and there is great diversity of opinion about it. A great many good people are in favor of prohibition, and a great many good people are bitterly opposed to it. There are many things to consider in regard to this problem, for problem it is, look at it as you may. There is the moral aspect to it, the financial aspect, and several other angles. Personally we are content to leave it to a vote of the people, and be satisfied with the result. We have lived in Kansas, Iowa and other prohibition states and never yet saw the time or place where a man could not get all the liquor he wanted if he wanted it bad enough to make an effort. On the other hand we have been in thousands of towns and cities where saloons were wide open, and never yet saw one where anybody was forced to take a drink of liquor if they did not want to. All that sort of thing, upon final analysis, is up to the people themselves. No prohibitory lay is effective in a community where the sentiment of the people is against it, and no saloon thrives in a community where the people are temperate and believe in temperance. The argument for or against whisky is all on one side, as far as that is concerned, but that is also true of the social evil and lots of other things that continue to flourish like the proverbial green bay tree, statutes to the contrary notwithstanding.

And while on these lines of thought, there is the redlight abatement proposed amendment, also, to consider, and it certainly ought to be considered thoughtfully, and even prayerfully. A hard campaign is being made in its favor by some of the very best people in the state, and lots of them and we believe this amendment is going to carry, but, on the other hand, it is being bitterly fought by all the forces of vice in the big cities elsewhere, and they are hard fighters, and stop at nothing to carry a point, either the lavish expenditure of money or political trickery. This is another problem that has got to be figured out in the mind and heart of the individual voter. It is not a campaign of education, for surely everybody has been educated along these lines years ago and is conversant with the facts. Simmered down to its basic meaning it is simply a question of whether you want prostitution in your midst or chastity. That also is two-sided, although it ought not to be. There should be but one side to it, but such is not the case, for it is a problem that is as old as the population of the earth by human beings, and is unsettled yet, but still very much alive, very much of a problem. It is the same problem that confronted Adam and Eve in the Garden of Eden, and has confronted everybody else right down to the present day and hour, and the serpent is still squirming its slimy length among the apple trees and fig leaves of the modern garden as well as of the garden way back yonder at the dawn of history. Prohibition of liquor and prohibition of vice both breed large crops of hypocracy; they also do much good. Both these far-reaching problems are now up to the people of California. May they vote right, as God gives them to see the light.

GEORGE GALBRAITH AT BERKELEY HOSPITAL

George Galbraith, formerly a well known contractor of Richmond, now a resident of Phoenix, Arizona, is at the Roosevelt hospital at Berkeley, where he is undergoing an operation for hernia. Galbraith left Richmond with his family some time ago and went to the Arizona city hoping to improve his health.

The operation is to be performed by Dr. W. S. Lucas. Galbraith will probably be confined to his bed for three weeks. Mrs. Galbraith is staying at Berkeley, and will probably pay friends of Richmond a visit.

PYTHIANS TO MAKE TRIP THIS EVENING

Arrangements were completed at the meeting of Contra Costa Temple of Pythian Sisters on Saturday evening for the paying of a visit to Pinole lodge this evening.

The committee which is preparing for the affair follows: Mrs. Mary Lucas, Mrs. Kate McVicker, Mrs. Mary Caron and Mrs. Blankenship.

2700 CLUB HEARS CANDIDATES TALK

Members of the 2700 club were addressed by three candidates for office at the morning session yesterday. After the regular business meeting was over the candidates were invited to present their views on matters pertaining to the coming primary election. James G. Clark presided.

The speakers were E. E. Grow, who is making the race for County Surveyor; Michael Iverson, who aspires to the office of assemblyman and Judge C. A. Clark, who is running for the Superior Judgeship.

No endorsements were made of any candidates, and no definite program has been arranged for the political activity of the club for the coming election, according to Vice President Clark.

LIBRARY HEADS TO ATTEND CONVENTION

The nineteenth annual meeting of the California Library Association will be held at Hotel Del Colorando San Diego, June 15-20 jointly with the California County Librarians. This will be the third joint meeting of the two organizations.

Miss Della M. Wilsey will attend the meeting as representative of the Richmond Public Library and Mrs. Whitbeck as librarian of Contra Costa County.

TUNNEL WORKER IS INJURED BY JACK

Eli Redmond, a tunnel worker, had an escape from death while at work in one of the tunnel drifts on Saturday evening when a heavy iron jack, used in hoisting material to the top of the tunnel, fell and struck Redmond across the back.

He was rushed to the offices of Dr. C. L. Abbott where his injuries were thought at first to be internal. It is thought the man's injuries are only slight and that he will as ever in a few days.

REST SHORT BUT SWEET FOR EDITOR

City Editor Raymond Richmond of the Daily news left today for Auburn, where he intends to spend several days, following which he will return to Sacramento, coming back to his work here about the latter part of the week.

"This is the first real rest that I have had in some time," stated Richmond as he swung aboard the Southern Pacific limited.

WORK ON SAN DIEGO FAIR PROGRESSING

SAN DIEGO, June 15th—Former U. S. Senator W. A. Clerk of Montana, whose personal gift of $10,000 guaranteed extensive participation by his state in the San Diego 1915 exposition, has just returned after an inspection of the progress at the grounds. He gave his approval of the site selected for the Montana building, in the exact center of the Plaza Internacionale, and announced the state commission officials would be here in ten days to direct the construction work.

Directly across from the Montana building will be the Utah state representation, and adjoining that the building of the state of Washington. Work on all three will be started at about the same time, and shortly afterward there will be an official announcement of the exhibits to be housed there.

With these state buildings under way plans for the others the state and county group will be submitted and work started. Practically all of this group will be on the lower plateau entered from the Plaza de Panama, the center of the grounds. The lower part of this plaza is flanked by the San Joaquin Valley and the Kern and Tulare Counties buildings, both of the palatial residence type of the Spanish Colonial School.

Senator Clark spent several hours on the grounds and expressed a lively satisfaction with the progress made. He added that the Montana exhibit will be a great surprise to visitors unaware of Montana's resources. He expects to return to San Diego before the exposition opens on January 1.

All furniture for the Utah state building at San Diego, will be made by the pupils of the state's manual training schools. Contests have been instituted in the schools and the prize specimens will furnish the different halls of the building. At the end of 1915 they will be sent back to the schools that supplied them, as trophies.

CHAT AND DOPE ON BASE BALL

Slamming the horsehide on the snout for eight clean bingles, the Richmond Elks yesterday afternoon managed to romp down the tally columns with the long end of a 4 to 1 score from the University of California Alumni team.

A 2 to 1 victory can now be chalked up by the locals since they managed to cop the game from the fast college city lads in that next Sunday's score with the Martinez crowd will run in practically the same groove as that of yesterday.

Frank Gordon who did the hurling for the local lads showed that he has once again struck his stride which several seasons ago made him famous in the southern league in that he handed the fadeaway sign to 12 of the opposing batsmen and allowed but 5 hits which is considered an excellent showing.

The entire Richmond squad played like a bunch of professionals in that they handled every chance with but two mishaps.

Jimmy McCormick, the former fast outfielder for the Burlingame team, proved the batting sensation of the day in that out of three trips to the rubber he slammed out three base hits out of which he managed to make two tallies.

"Butch" Woodbury had an off day in that his many slashing drives to various corners of the field failed to appear and he had to retire with quite a string of zeroes behind his Trolley league signature.

With Gordon pitching the phenom ball that he twirled yesterday and with Charlie Burns ever ready to jump into the harness our chances in the coming Martinez game are very good.

Following is a scintillating idea of how the locals roped their opponents in the nine-inning struggle as seen by Official Scorer "Neilie" (preferred) O'Hara:

MT. LASSEN IS STILL VOMITING HOT LAVA

PAYNES CREEK, CAL., June 15—Mount Lassen, in eruption, has caused scientists all over the country to investigate general conditions of volcanic disturbances along the Pacific coast. They have declared almost unanimously that from present indications Lassen will remain active for years to come. It will be a slow process of emitting only lava they believe and perhaps the scientific classification of the eruption will be as a geyser, rather than a volcano.

However, the huge volcanic cone is in tremendous eruption yesterday and today. Several lives have been lost and many have been injured by being struck with the hot boulders which continue to pour down all sides of the mountain.

Those who are probably fatally injured are Graham Lance, of Manton, who was crushed under a rain of pumace; Floyd Tripple, also of Manton, whose arm was crushed by a boulder, and Dr. Enlow, of Chico, who has been missing for two days.

Graham, Tipple, Hiram Blodgett and Hugh Addington were members of an adventurous party of ten which left Manton for Manzanita Lake yesterday and early this morning started to climb the crater.

They reached the crater about 9 o'clock. At that time there was no sign of activity and the adventurers crawled to the edge to look down into the new abyss of the crater formed by the recent eruptions.

They ran for safety. Six of the party found partial shelter behind and partly underneath a jutting overhanging of rock and here they thrust their ways into the deep snow, thus protecting themselves from the poisonous sulphur gases and fumes.

Rain of Rocks and Stones.

Scarcely had the six plunged into safety, when, with a terrifying noise, the mountain belched out a column of smoke and rocks and an insant later the snow-clad slopes of the mountain were shocked by a rain of rocks and boulders.

Graham and Tipple were not so fortunate as their six companions. Graham was struck by a rock, which felled him to the ground, and he was rapidly covered with a blanket of stones.

In the silence that followed the noise of the eruption the six members of the party crawled out from their place of safety and, with one accord, ran.

Almost Entirely Buried.

Graham was found almost entirely buried and in a shocking condition. The rain of rocks had struck mostly on his chest, which was literally torn away.

Indians' Tradition.

Surviving Indians of the Modoc tribe and the Digger Indians are reported burning their belongings expecting the end of the world. According to an old tradition of he tribes Mount Lassen is the warning of the approach of the end of the earth.

Once before, twenty-five years ago, when the boiling springs known as Bumpas' Hell became unusually active, the Modocs and Diggers decided that the predicted eruption of Lassen, with the end of Indian life on earth, was imminent. The activity subsided, however, and the tribesmen, more numerous then, resumed their ordinary ways and activities.

According to the tradition, the great eruption of Mount Lassen, 200 years ago, when the lava beds and Cinder Cone were formed, was caused by the commands of the Great Chieftains, who stood on the topmost pinnacle and called the destroying fires from the heart of the mountain. In the outburst which followed the chiefains went through flaming death to the "happy hunting grounds."

Moving Pictures.

Tales of great hardship and suffering have been told by Milton Ayers, a moving picture operator, who has been taking pictures for the "movies." Ayers and companions twice faced death, and only after hard struggles were able to return to places of safety.

FREE FOR ALL FIGHT CAUSES ARRESTS

(Continued from Page 1)

this morning before Judge William Lindsey, Kraft and Harris believed that Miss Cohen had been subjected to an insulting remark. The result was that they are accused of having made an attack upon W. Willner and Soloman Weisner, the complaining witnesses.

After more or less rough turbulency in which the spectators took part, Officer de Pew succeeded in placing Harris and Kraft under arrest. But, it seems, even this was difficult as Harris strenuously resisted arrest. dePew telephoned for help, and Officer Munday was dispatched to the scene.

Both men pleaded not guilty this morning, and the trial of Kraft resulted in his conviction. His bail was raised from $50 to $100, and his sentence set for tomorrow at 2 p. m.

The beginning of the trial of Harris was made, but Judge Lindsey halted it to allow him opportunity to have more witnesses on hand. The point at issue is whether or not the complaining witness began the fight or not, Harris claiming self defense.

The picnic was under the auspices of one of the church organizations in Oakland.

Judge Lindsey scored the young fellows for creating the trouble, and said that such rowdyism at such affairs was uncalled for and offenders should be dealt with severely.

MISSIONARY TO TALK ON WORK IN PERSIA

HOME INDUSTRY LEAGUE TO HAVE BIG EXHIBIT

Preparations for the great home industry league to be held under the auspices of the Home Industry League beginning September 24 at the auditorium proceed with enthusiastic progress according to the committee in charge of the affair. Already nearly half of the immense space available has been engaged and the wide range of industries and enterprises that will find a representation on the floor of the Auditorium will be a revelation to most San Franciscans who little realize the growth of industrial prosperity and the extent of her enterprises that San Francisco enjoys.

The various manufacturers of San Francisco are entering heartily in the forthcoming exhibit and will exhibit their interest in the undertaking and announce their concern in its success in a striking if somewhat nois ymanner on the day of the opening. Every factory whistle, siren of manufacture, and even the shrieking of the donkey engines that stand at almost every corner where building operations are in progress will open their brazen throats for a five minute serenade, and if San Francisco doesn't wake up to the fact that the day of the local producer, creator of fabric and manufacturer of articles of necessity and luxury is at hand it will be the fault of the shrill siren or solemn voices of her prosperius factories.

From September 24 to October 5 will be the term of the exhibit and to the industrial attractions that will invite attention will be added many novelties now being arranged for, not the least interesting of the features of which will be the splendid music which will be heard. Special nights will be observed with special ceremonies and there will be a tempting parade of "samples" wherewith the attention of the "fair" is always conserved.

F. O. E. DELEGATES RETURN FROM TRIP

The delegates in attendance at the state convention of the Eagles which convened this year at Fort Bragg, returned home Saturday evening.

Those who made the trip to the big conclave were Joe Michaels, Tom Johnston, Phil Barry and George Valencia.

A. F. Browning of the local lodge was elected to the office of Grand Inside Guardian at the state convention.

MANY ATTEND ELKS FLAG DAY PROGRAM

Members of the local lodge of Elks, United Spanish War Veterans, and many others from Richmond, attended the Elks' Flag Day exercises at the Greek Theatre yesterday afternoon.

The huge amphitheatre was taxed to more than its capacity by the crowd which attended the patriotic program.

WANTED—Large, clean, cotton rags at the Record-Herald office

Another Richmond Case

It Proves That There's A Way Out for Many Suffering Richmond Folks.

Just another report of a case in Richmond. Another typical case. Kidney ailments relieved in Richmond with Doan's Kidney Pills.

"One of my family had kidney complaint for years and spent hundreds of dollars trying to find relief," says Mrs. Mary C. Sutherland, of 1829 Nevin Ave., Richmond. "Finally, Doan's Kidney Pills were used and they brought great benefit. It was remarkable how Doan's Kidney Pills so thoroughly relieved this case, after other remedies had utterly failed."

Price 50¢, at all dealers. Don't simply ask for a kidney remedy—get Doan's Kidney Pills—the same that Mrs. Sutherland had. Foster-Milburn Co., Props., Buffalo, N. Y. Advt.

MAYOR DOWNER GETS "CONSCIENCE" MONEY

Edward M. Downer, well known business man of Pinole, is in receipt of $5. Whence it came and whither it should go, he knows not. It is "conscience" money. The anonymous latter accompanying the money says that the sender received it fifteen years ago while Downer was ticket agent of the Southern Pacific company at Pinole. It was overchange.

HOW TO CARE FOR TENNIS COURTS

To eradicate vegetation from dirt tennis courts troubled with persistent growths of grass or weeds, oil or aslt are the most satisfactory harmless products. Sidewalk crevices, garden paths, gravel roads, and railroad "rights of way" where people pass frequently may also be treated with these remedies. Arsenite of soda is also to be recommended if it is used carefully, as it is poisonous both to men and live stock. Until a rain or sprinkling washes away the application, it might cause trouble, although it would have to be taken internally to do so. Special conditions decide which of these three substances is most desirable.

Fuel oil, when it can be obtained cheaply is highly satisfactory and economical for killing vegetation. It should be applied at the rate of from 100 to 150 gallons per acre. On a tennis court or other small area kerosene, although more expensive, may be used satisfactorily as the total amount needed will be small. The petroleum products are particularly effective on grass and other vegetation possessing narrow leaves.

SINGING SOCIETY MEMBERS ON TRIP

The members of the Richmond Maennoechor singing society left this morning on an excursion to Half Moon Bay where they will be in attendance at a grand concert to be held there.

The party left on the 6:45 Santa Fe train for San Francisco from which place they went direct to the scene of the state gathering.

SAGE TEA KEEPS YOUR HAIR DARK

It's Grandmother's recipe to bring back color, thickness and lustre —Everybody is using it again

Gray hair, however handsome, denotes advancing age. We all know the advantages of a youthful appearance. Your hair is your charm. It makes or mars the face. When it fades, turns gray and looks dry, wispy and scraggly, just a few applications of Sage Tea and Sulphur enhances its appearance a hundredfold.

Don't stay gray! Look young! Either prepare the tonic at home or get from any drug store a 50 cent bottle of "Wyeth's Sage and Sulphur Hair Remedy." Thousands of folks recommend this ready-to-use preparation, because it darkens the hair beautifully and removes dandruff, stops scalp itching and falling hair; besides, no one can possibly tell, as it darkens so naturally and evenly. You moisten a sponge or soft brush with it, drawing this through the hair, taking one small strand at a time. By morning the gray hair disappears; after another application or two, its natural color is restored and it becomes thick, glossy and lustrous, and you appear years younger. Advt.

READ These Opinions of Vocal Artists

LEO SLEZAK, the great Czech tenor, who is in this country for his fourth season in grand opera and concert, says of "Songs That Never Grow Old"

"Syndicate Pub. C.,
New York City.

Gentlemen: Your complete collection of old songs is so distinctively American that I shall have much pleasure in taking it back to my home with me where we will all enjoy singing these good old melodies.

Very truly yours,
Leo Slezak."

MARGARETE MATZENAUER, prima donna contralto of the Metropolitan Opera company, is another advocate of the revival of the dear old melodies of long ago. She writes:

"Syndicate Pub. Co.,
New York City.

Dear Sirs: I am strongly in favor of a revival of the dear old songs and believe your song book should be in every American home. This is surely a complete collection as I find in it all of my old favorites.

Cordially,
Margarete Matzenauer."

THIRD TRIAL OF MOONEY IS COMMENCED TODAY

The third trial of Thomas Mooney alleged dynamiter was commenced at Martinez at a late hour today. Attorney for the defense, Thomas D. Johnston and H. McNutt of San Francisco being present.

The work of swearing in the jurors for the trial commenced and will probably last for two days.

In regard to the trial the San Francisco Bulletin has the following to say:

"That private detectives in the employ of the Pacific Gas & Electric Company day and night are trailing Thomas J. Mooney and members of his family is the charge made by Mooney, who, today, will go to Martinez to stand trial for the third time on the charge of unlawful possession of high explosives which charge grew out of the strike of the Electrical Workers' Union against the Pacific Gas & Electric Company last year.

"'Ever since I was released on bail private detectives in the employ of the Pacific Gas & Electric company have followed me wherever I have gone,' says Mooney. 'At night they watch my house. In the day time they have followed wherever I go. One of these detectives came to my house and wanted to take music lessons of my wife. Another detective made the acquaintance of my sister and invited her to go to the theatre with him. My brother, too, is constantly being trailed by these man hunters. While I was in the county jail detectives constantly annoyed my wife. They are bound and determined to get something on me, which they have thus far failed to do.

"'When I had a preliminary hearing on the charges pending against me in Sacramento last week, Martin Swanson, a former Pinkerton detective, now employed by the Pacific Gas & Electric company, as an 'investigator,' assisted Attorney J. J. Barrett, representing the Pacific Gas & Electric company, in prosecuting the case, which was continued until June 26. This 'investigator' was the only witness against me, and he testified to things that were absolutely false.

"'I know that the corporation is determined to land me in prison. That is why they have detectives dogging my footsteps. I am not afraid, as I have committed no crime. Twice a jury has failed to convict me and I am confident that at the trial in Martinez next week I shall be acquitted.'"

DEATH CALLS TYLER DUDLEY LAST NIGHT

Word was received last night of the death of Tyler Dudley at the Trinity hospital in San Francisco. After an operation three weeks ago Mr. Dudley lost strength steadily until death ended the struggle at 9:15 o'clock last evening.

Dudley was a retired mining man, sixty-five years of age. He was a brother-in-law to Harry Plate, the local real estate man. Dudley lived at the corner of Second streeet and Bissell avenue. Besides a wife Dudley leaves a grown daughter, Miss Lulu Dudley, who resides in San Francisco.

Mr. Dudley came to Richmond to make his home aboue two years ago. He had spent a very active life while engaged in mining, and had practically retired from business.

Dudley owned considerable property in Richmond, and had formed a large circle of friends during his residence here.

Mr. Plate left for San Francisco last night, and up to a late hour today had not returned. No funeral arrangements have therefore been announced.

ROWELL MEETING FRIDAY NIGHT AT LINCOLN SCHOOL

Dr. Chester H. Rowell, candidate for the nomination of the Lincoln-Roosevelt League, for United States Senator will speak Friday night at the Lincoln school. The meeting will be under the auspices of the local members of the Moose party. Fred H. Newsom will be the presiding officer.

Dr. Rowell is a well known Californian, having been the editor of the Fresno Republican for many years, and having taken an active part in state and national politics.

OIL STEAMER PILOT TO HANDLE NEW CRAFT

Captain C. McNeill well known in this city, and who for the past many years has been connected with the Standard Oil company, has severed his connections from the oil boats and will in the future pilot the steamer Monarch of the Corcoran line.

The new company which was recently incorporated in San Francisco will have a string of fast river craft which will stop at various Contra Costa cities between San Francisco and Stockton.

WIFE OF PIONEER DIES SATURDAY EVE

Mrs. Lena Rust, wife of William Rust, after whom the town of Rust was named, died at a late hour Saturday evening at the Roosevelt hospital following a lingering illness of several weeks.

The funeral of the well known woman will be held from the family home in Rust tomorrow afternoon. The remains are at the Curry undertaking parlors.

ORPHEUM BILL IS BETTER THAN USUAL THIS WEEK

Fun reigned on the Oakland Orpheum stage yesterday when Eddie and the Seven Little Foys trouped out and went through a series of the most comical capers imaginable. Eddie Foy, of course, is known as the King of Funmakers the country over. Indeed for years he has been "Foy for joy" and there is never a dull nor a blue moment when he is in evidence. When the Seven Little Foys are added to his fun making the result is a complete routing of the blues. "General Joy" takes possession of the audience with Foy in the vicinity and the fun is fast and furious. There was a big Sunday crowd in evidence to gaze upon Mr. Foy and everybody seemed well pleased.

The whole vaudeville bill this week is unusually good. It is even a little bit higher than the usual Orpheum standard which is saying a great deal. Eddie Foy sets the pace and a lot of other people keep close at his heels. The bill is jammed full of clever stars.

Walter DeLeon and "Muggins" Davies returned to receive a riotous welcome. They are great favorites in Oakland. Thousands remembered them. Walter DeLeon is as snappy and brilliant as ever with his repartee and dancing, while "Muggins" Davies, just a little plumper than before, looks as cute as a big wax doll.

Tomeo, the Great, the legitimate successor to Charles, the First, who was probably the greatest chimpanzee in the world, dazed the big crowds yesterday with his smartness. He is a wonderful monkey—very close to being human in the measure of his intelligence. His stunts are amazing and amusing, too. None of the human folks of the bill have very much of an advantage over Romeo in the matter of applause.

Annie Kent, a cute little maiden who has a lot of funny stunts to exhibit, had the crowd in a roar of laughter nearly the entire time she was on the stage. She is witty and dainty and with an Irish maiden's gift of making the folks giggle.

Harry B. Lester, known as the jovial jester, is a first-class comedian whose imitations and witty quips all helped him to register a big solid success.

A special feature added to the bill was the engagement of the Oakland School Boys' Exposition Band of seventy five musicians. These lads, all of tender years, played like veterans under the direction of Prof. John Smith. The crowd cheered them heartily and with good reason for they are the pride of Oakland and deserve to be.

Barrows & Milo closed the bill with some wonderful feats of strength and Oterita, the Spanish dancer, opened the program with some characteristic dances of old Seville.

LICENSE IS ISSUED LOCAL COUPLE TODAY

A marriage license was issued in Martinez at a late hour this afternoon to Otto Berg, prize fighter of this city and Miss Anna Moran of Emeryville.

Both young people are well known here. Berg was formerly an employe of the Standard Oil refinery where he worked in the barrel house for several years.

How to Use Peruna for Coughs and Colds

If Peruna were used at the beginning of every cold, coughs would generally be prevented.

After the cough begins Peruna will generally stop it just as quickly as it ought to be stopped. To stop a cough before all of the expectoration has been removed is to do great injury. After the expectoration has been properly removed the cough will stop itself. That is the only proper way to stop a cough.

Occasionally a cough depends upon an irritable condition of the larynx or bronchial tubes, in which there is little or no expectoration.

The problem of stopping such a cough is a slightly different one. Even in those cases Peruna ought to be taken, but sometimes it is necessary that local treatment be added.

Every one who has a troublesome cough or a lingering cold should write the Peruna Company, Columbus, Ohio, for a free copy of the "Ills of Life." There is no free pamphlet distributed to-day of more real value to the sick and afflicted than the new "Ills of Life." It is filled from cover to cover with actual cases of cough, colds and other climatic diseases in all stages and complications. You could scarcely fail to find your case exactly described in this book.

To neglect to do everything possible to get rid of a stubborn cold or chronic cough is very unwise indeed. Peruna has enjoyed a great reputation as a remedy in such cases for thirty or forty years. As a rule, a person who uses one bottle of it is always afterwards an enthusiastic advocate of Peruna. Peruna itself is a means of selling more Peruna than all advertisements put together.

Those who object to liquid medicines can now obtain Peruna Tablets.
